

Future Leaders of Water

MasterMind

A mastermind is a peer learning group led by expert coaches. FLOW is the only mastermind of its kind for water industry leaders. If you are an experienced professional seeking to further develop your leadership skills and influence, please join our online cohort of inspired peers who will help you address the challenges you, your utility, and the industry encounter. Participants gain increased confidence and skills to build trusting, effective teams, and knowledge to lead through change and uncertainty.

MONTHLY 2-HOUR LEARNING SESSIONS

Featuring virtual presentations on skills and tools of great value to contemporary leaders today and discussions on emerging industry topics including:

- Your Leadership Strengths, Talents and Gifts
- Leadership Responsibilities with tips and tools for success
- Managing the pressure and challenges in our evolving industry
- Creating accountability in a hybrid work world

See the full list of topics on "[Leadership U](#)"

MONTHLY FLOW BOOSTS

A 30-minute virtual follow-up to the monthly session that provides supplemental resources, guest speakers, and activities.

ONE PRIVATE COACHING SESSION

Each participant receives a 1-hour coaching session with the facilitator of their choice to address pressing questions about your leadership, goals and career growth.

NEW FOR '23! BOOK CLUB

All members of the FLOW MasterMind will receive a copy of, "Pitfalls and Possibilities: a Leadership Fable" by Karen Main. The leadership lessons from this book will be discussed during FLOW Boost sessions.

"LEADERSHIP U"

An online learning library of resources providing pre-work, reading assignments, relevant articles, videos, and educational content in support of the program.

SELF DISCOVERY WORK

Work woven in throughout the year to help you build your leadership muscle. Discover your personal leadership strengths and better understand your thinking/behavioral style preferences.
